11. It is submitted that work charged establishment is necessary, irrespective of whether the work is executed after calling for tenders or by entrusting the same to piece work contractors.

The proposal in para 4 is submitted for consideration.

12) If the work had been disposed off after calling for tenders, there would have been no need to entertain this staff costing Rs 2475/-. This expenditure is in addition to the estimate for Rs 1,20,000/- because that work is entrusted to piece workers without calling for tenders. Hence this item may be disallowed.

Opinion that the provision for petty Supervision is one that can safely be omitted from the estimates and the amount saved to Govt. When the work is entrusted on piece work system at Schedule rates, not only the Contractors on piece works are given the benefit of the Schedule rates but also they are not allowed the Risk of Competitive quotations and consequent Reduction rates. These are the two advantages to the Contractor. As Regards Govt (or Dept Bg) the advantage arising out of calling for quotations and consequent approval of the lowest rate is lost; and further, the Supervision charges have to be borne by the Dept Bg. There is already a very heavy establishment in the Dept Bg and there are so many Suboverseers and overseers and they may as well supervise the work. Therefore the proposal of the Chairman to entertain the work charged establishment, is, in my opinion unacceptable

PROCEEDINGS OF THE GOVERNMENT OF MYSORE.

R e a d :-

Correspondence ending with your letter No.C.884/50-51 dated the 30th March 1951 from the Chairman, City Improvement Trust Board, Bangalore, forwarding a scheme to form a I Link Road to Rajajinagar, Bangalore, at an estimated cost of Rs.1,20,100/-.

2. Unofficial Note No.94 dated the 27th May 1951 of the Deputy Chief Engineer in the matter.

Order No. 8280-6 | D-76 | 2-51-23

DATED, BANGALORE, THE 13-11 1951.

According to the sanctioned layout plan of Rajajinagar (Industrial Suburb), three Link Roads are proposed to be formed to connect the City area with the Suburb. As the work pertaining to the layout of Rajajinagar is nearing completion, the necessity for link roads was keenly felt and the City Improvement Trust Board, Bangalore, have accordingly arranged to have an estimate prepared for the formation of the First Link Road, which branches off from the third mile stone in Magadi Road near Gkalyanpuram and runs to the North of the Minerva Mills and approved the same. The cost of the estimate amounts to Rs.1,20,100/-. Provision is made in the estimate for the construction of culverts, for acquisition of private property to the extent of 2.8 acres and for pre-mixing the road surface to withstand heavy traffic and minimise maintenance charges. The authorities of Minerva Mills have consented to give, free of cost, the extent of land coming within the area of the Mills required for this purpose. The estimate received from the Chairman Bangalore City Improvement Trust Board, has been scrutinised by the Deputy Chief Engineer and found to be in order.

2. Government consider that it is necessary and expedient to provide for Link Roads connecting the City Area with the Industrial Suburb (Rajajinagar) in order to facilitate the movement of traffic between the two areas and they are accordingly pleased to sanction the estimate for Rs.1,20,100/- (Rupees One Lakh, Twenty Thousand and One Hundred only) for the formation of the first of the three Link

(4)

Link Roads, envisaged in the sanctioned plans of the Industrial Suburb Scheme. The cost of the work during the current year will to debited to the provision of Rs.4,00,000/- made for the Industrial Suburb Scheme in the budget of the Trust Board for 1951-52.

Re: Entertainment of work-charged establishment in connection with the scheme for formation of 1st Link Road to Rajaji Nagar.

With reference to your letter No.L.12137 dated 1-2-1952 in connection with the above subject, I write to forward herewith a detailed estimate for Rs.2376/- as marginally noted for your kind information.

1. Three Head Coolies on Rs.30 + 18/- p.m.each for 12 months.	Rs.	1,728/-
2. Two Survey Coolies on Rs.12 + 15/- each p.m. for 12 months.	Rs.	648/-
		2,376/-

2. There is a lump sum provision of Rs.2,475/- and not Rs.2,550/- in the sanctioned estimate for Rs.1,20,100/- towards temporary Establishment charges @ 2½%. The sum of Rs.2,550/- mentioned in this office letter No.G.738-50/51-52 dated 5th Jany. 1952 is a mistake. The details for this provision had to be worked out and the sanction of Government was urged as it was felt that Audit would raise objection to this for want of details.

In view of the directions issued now and in view of the provision made in the sanctioned estimate to cover the cost of such establishment charges, specific sanction of Government for the strength and the scale of the establishment was sought for. However, I am reporting for your information that the services of 3 head coolies and 2 survey coolies have been entertained with effect from 1-12-1951 for a period of one year.

Sir,

Subject:- Work charged establishment for the formation of Ist Link Road to Rajajinagar.

Ref:- Your D.O.letter No.L.463 dated 15-4-54.

With reference to the above, I write to state that the work of forming the Ist Link Road to Rajajinagar involved the construction of two major bridges in addition to road work in heavy embankment. All these works were started simultaneously and apart from close supervision, the work had to be checked by levels every day in the earlier stages, which necessitated the entertainment of - - some work charged Establishment and only the minimum establishment just for the period required was so entertained. The outlay - - incurred on this account is only Rs.1442-14-0 as against the - - provision of Rs.2250/-.

In the circumstances approval of Government may kindly be obtained and communicated in this behalf.
